TALIT, PURBA BURDWAN  
PIN-713141

### NOTICE

CISCE has informed that the physical fitness of every student pursuing studies in Schools affiliated to the Council is to be checked periodically and data uploaded on a dedicated web platform. The dateline for completing the work is 15 March, 2026.

As the school will have to process huge data within a short while, individual data about two vital parameters -- height and weight -- are to be collected to kick-start the work. For this purpose a Google form has been created.

All students (or their parents) are requested to submit the form after filling up the fields with correct individual data.

Please note that height is to be given in centimetre and weight in kilogram only.

Filling up the Google Form and submitting the same is mandatory.

The dateline for submission is 6 February, 2026 (Friday).

Cooperation of all concerned is earnestly solicited.

*S. Shorai*
